

FLIGHT CENTRE®

PAPER AIRPLANE FOLDING INSTRUCTIONS

THE FAST HAWK

Valley fold

Fold the paper towards you, like a valley.

Mountain fold

Fold the paper away from you, like a mountain.

START HERE

Print the paper airplane plans at 100% scale. Use duplex printing or manually flip the paper to print on both sides of the paper. Think about the trees - print on recycled paper and recycle when you're done flying.

EXPERT

STEP 1.

Fold the top edge down along the **1V** line.

STEP 2.

Next, fold the sheet in half along **2M**.

STEP 3.

Fold the top right corner down along line **3V**, then repeat with the other side along **4V**.

STEP 4.

Now, open the sheet back to step 1, then accordion fold the side in at the **5M** lines.

STEP 5.

After the accordion fold, fold the bottom flaps up, at **6M** and **7M**, then tuck them under the triangle shape.

STEP 6.

Fold the top back along the **8V** line.

STEP 7.

Make creases along the **9M** lines and then invert while fold-ing the peak up at **10M**.

STEP 8.

Fold the plane in half at **11V**, fold out the wings at **12M** and **13M**, then finally the wing tips at **14M** and **15M**.
